Yousef Miri, Web Developer

Jeddah, Saudi Arabia, 0538758984, yousefmiirii@gmail.com

PROFILE

Web Developer specializing in developing both simple and complex websites to meet the requirements of each project and client. I have over two years of experience with Makeen Technology, where I assisted in designing, developing, improving, and testing websites and worked on various projects.

EMPLOYMENT HISTORY

Dec 2021 — Jun 2024 | **Web Developer, Makeen Technology** | Remote

I worked with Makeen Company for over two years and helped build their entire website. I also worked on various projects for Makkeen's clients. I developed websites using WordPress and frontend development technologies. Additionally, I designed, improved, and tested websites for aesthetics, speed, performance, and search engine optimization. I also took on responsibilities for project planning and management, as well as communication with staff and clients, in addition to the technical and practical skills I gained with them.

Jan 2022 — Nov 2023 | **Web Developer, Freelancer** | Remote

I worked as a freelance service provider for various clients, helping them build websites tailored to their requirements. I managed my client relationships as well as all project stages, including planning, Development, and execution.

Mar 2021 — Jun 2021 | **Social Media, Protein Club** | Jeddah

As a Social Media Specialist, I successfully launched and managed a new Twitter account, elevating our online presence through strategic planning and creative content, including post designs and videos.

Jan 2021 — Jun 2021 | **Sales Person, Protein Club** | Jeddah

Consistently exceeding sales targets, I enhanced in-store displays to boost Google Maps ratings and garner positive customer reviews, improving the overall customer experience.
